

A PETITION SUPPORTING A RESOLUTION DEMANDING JUSTICE FOR JANUARY 6

Petition Description: We, the undersigned, demand Justice for Jan 6. Defendants who are having their rights destroyed by an illegitimate federal government that is at war with the American people and their liberties. We demand the release of every political prisoner who have been deceived and entrapped at the Jan. 6 rally with federal agents stoking much of the violence. Furthermore, independent investigations of the FBI and other deep state bureaucracies resulting in criminal indictments are needed to restore faith in the system moving forward.
